Overview

Illusion Sugar Hill Barbados is a breathtaking villa and one of our favourites in Barbados. Inspired and designed on the Sandy Lane Hotel, as a guest here you will feel as though you have the most famous resort in the Caribbean exclusively to yourself. It is also ideally located within the popular Sugar Hill Resort, close to Royal Westmoreland golf course, shopping and renowned west coast restaurants.

As you walk through the large glass front doors you are greeted by an uninterrupted vista of the Caribbean Sea. The foyer spills out onto a covered terrace that overlooks the large swimming pool and dual staircases that lead down to the pool area, the focal point and main image used of the property.

To the left of the covered terrace is the spacious and cool dining room complete with a large glass table that seats twelve. The room itself transforms into an alfresco dining area as three walls of folding glass doors open up to a wraparound balcony allowing you to dine amongst swaying mahogany trees and travellers palms. Right off the dining room is the well-outfitted kitchen with two wine coolers and a dumb waiter designed to facilitate the hassle-free transfer of meals to the external dining area on the pool level.

On the lower level you will find the living area, a great place to just relax, watch TV on the large flat screen or listen to your

favourite tunes on the Bose surround speakers whilst you enjoy an aperitif at the bar. Out on the pool deck there are numerous loungers, a barbecue and two gazebos with surround sound system. One gazebo has a small outdoor kitchenette and the other gazebo has an informal dining area.

Four of the en-suite bedrooms at Illusion [Sugar Hill](#) are located on the ground floor. The master suite is on the first floor and features a living room, flat screen Smart TV and Sonos surround speakers. The master suite also has a large walk-in closet and an en suite with tub and separate shower... the king size bed has a view of the ocean!
