There is a multitude of activities and facilities at Jumby Bay Island or guests may choose to relax on the beach and enjoy the incredible views. Guests of Jumby Bay Island have a choice of two amazing white sand beaches. Jumby Bay Beach is a pristine, 3/4 mile long crescent of sand that stretches north to south along the main resort area. The resort Suites sit along the north end of the beach towards the Pool Grille, while the Verandah restaurant sits towards the southern end of the beach. There is never a shortage of shade as the beach is lined with palapas and chaise lounges.

Alternatively guests may choose to visit Pasture Bay Beach, an untouched, unspoiled natural haven. There are palapas and chaise lounges, however, Pasture Bay Beach is meant to be a natural reserve for the Hawksbill Turtle. Jumby Bay Island is home to the Jumby Bay Hawksbill Turtle Project – the longest running privately funded project of its kind. This reservation program focuses on the scientific study of the endangered Hawkbill Turtle and works to ensure their survival and recovery.

Dining options include:

The Estate House – This is the epitome of stylish dining in a delightful Caribbean setting. Set overlooking the sea and the lights of Antigua and surrounded by a fragrant garden of palm trees, hibiscus and wild orchids, the classic colonial house (c. 1830) was once the centerpiece of the island sugar plantation. Now it's a sanctuary of civilized dining highlighted by romantic sophistication with Italian-inspired cuisine.

The Veranda – More than a restaurant and bar, The Verandah is the crossroads of Jumby Bay Island. Everything passes through The Verandah, where a bar, boutique, concierge area, enhanced dining and lounge areas, and a residential-style kitchen with a unique wood-burning oven create welcoming culinary experiences. This beautiful setting is perfect for breakfast, lunch and dinner. In the afternoon and evening, toes-in-the-sand elegance reigns as guests indulge in bistro fare.

The Pool Grille – Nestled between the Caribbean Sea and the dramatic oceanfront infinity pool, The Pool Grille is perfect for those who can't bear to leave the water's edge. Serving casual lunch fare, light snacks and an array of refreshing cocktails, mocktails, smoothies, fruit juices and teas, sunbathers can choose to dine under the shaded canopy or order from their lounger. The Grille's terrace is also a popular venue for weddings and special events.

The resort also offers amazing weekly pop-up events:

Dinner at the Jumby Bay Farm with private tables on the lawn directly under the stars with live musicians

The White Night Beach Party with live music and an elegant four-course dinner right by the sea on the beach

Caribbean Nights with the best BBQ in Antigua

A Casamigos Margarita Beach Schack Pop-Up Bar
