

Infinity View

Perched on the headland above Kata Noi Beach, Infinity View is a contemporary five-bedroom villa offering the ultimate Phuket escape.

Overview

Perched on the headland above Kata Noi Beach, Infinity View is a contemporary five-bedroom villa offering the ultimate Phuket escape. Surrounded by lush gardens and tall coconut palms, this private retreat is ideal for extended families or groups of friends seeking space and comfort in one of the island's most desirable locations.

Designed to capture sweeping sea views, the villa features floor-to-ceiling glass doors and open, light-filled interiors that flow seamlessly between indoor and outdoor spaces. The elegant living areas are perfect for relaxation, while a team of dedicated staff, including a private chef and housekeepers, ensures every detail is taken care of.

The villa includes three ensuite double bedrooms, a twin guest room, and a versatile bunk bedroom connected to the upper master suite, making it perfect for families with children.

Outside, the large terrace surrounds the 10-metre infinity pool overlooking the Andaman Sea. Sun loungers, two large dining tables, a sunken sofa, and a foosball table create a social hub for lazy afternoons or casual evenings under the stars. With a built-in barbecue and plenty of space for alfresco dining or cocktails at sunset, this is outdoor living at its best.

Inside, Asian contemporary style defines the décor, with colourful artwork, sculptural pieces, and Thai-inspired teak furnishings adding warmth and character. The air-conditioned dining room seats six, while the modern

kitchen is fully equipped for both chef-prepared meals and casual home dining. Cosy reading nooks with well-chosen books invite quiet moments throughout the villa.

For wellness and recreation, Infinity View includes a private gym, and in-villa spa treatments can be easily arranged, ensuring your stay is as restorative as it is indulgent.
