Overview

Casa del Mar is a beautiful six-bedroom home, which comprises of two connected villas in the Petit Cul de Sac area within the private Domaine du Levant community on the east side of St. Barth.

The two villas of Casa del Mar are adjacent and perched at the edge of a hillside overlooking the sea below and nestled in 7.5 acres of gardens spanning from Petit Cul de Sac rock beach all the way across to the cliff side of the Domaine du Levant. The villas offer the utmost in privacy and the surrounding area is great for walking and enjoying the spectacular ocean views below.

There are four rooms in the main house and two in the guest cottage. All bedrooms are air-conditioned and feature king-sized beds. The living room is bright and airy and offers comfortable seating on plush white sofas. The living area leads directly into the garden. The gourmet kitchen is fully-equipped with all the mod cons. The separate guest cottage also has a kitchen and living area and is connected to the main house with stone pathways.

Throughout the villas, the bedrooms have a serene white-and-gray palette with splashes of fun tropical color on the bedding, and the large bathrooms are coolly elegant with their slate-colored tiles.

On the villa’s lowest level is a spacious cinema, with a large screen and surround sound. Also on this level is a fully equipped gym with its own bathroom and shower.

The remaining land is dotted with beautiful spots for sunbathing, gathering, dining and soaking up the incredible ocean views. The outdoor pavilion is the perfect place to relax or enjoy a BBQ. Two expansive sundecks (60 square meters and 70 square meters) are surrounded by beautiful landscaping and, or course, have unparalleled views.

For those looking to explore the island, Gustavia, the island's capital, is a 20-minute drive away and has a host

boutiques, fine dining restaurants and bars.
