Overview

Set among tropical gardens in the exclusive Sugar Hill community in St. Peter, Monkey Hill is a spacious 8 bedrooom luxury villa designed for families and groups looking for a relaxed Caribbean escape. It combines the privacy of your own villa with the amenities of one of Barbados' best-established resort communities.

Monkey Hill has eight bedrooms across a six-bedroom main house and a separate two-bedroom cottage, so there's plenty of room for multi-generational families and groups of friends. The cottage gives guests their own private retreat while staying just steps from the main house.

The main house has comfortable living and dining areas made for time together, opening out to the landscaped gardens. A well-equipped kitchen covers relaxed meals at home, and cook service is included, so you can enjoy freshly prepared meals without lifting a finger.

The highlight of Monkey Hill is its expansive pool deck, with ridge-top views across the Caribbean Sea. It's the perfect setting for sunset drinks, family celebrations, intimate gatherings and even small weddings.
