

Porters Villa

Porters Villa is a beautiful three bedroom villa nestled within the renowned centuries-old Porters estate.

Overview

Porters Villa is a beautiful three bedroom villa nestled within the renowned centuries-old Porters estate. The cottage enjoys a gorgeous location within this iconic property along the island's gorgeous West Coast and offers a stately welcome with a winding driveway through an enchanting mahogany forest.

The property is on one floor with the original wing featuring coral stone and original architecture as well as a new modern wing that was recently added to create a more spacious home.

The original wing comprises the master suite and the living room, both of which have tiled floors and large windows that create a vibrant, sunlit ambiance. The master is air-conditioned and features a king bed as well as an en-suite bathroom with a single vanity, a glass-walled shower and a secondary entrance that leads into a hallway with a large closet and a smaller linen closet. The master also offers magnificent views of the cottage gardens.

The living room is a cozy nook complete with a calming, modern décor, a large comfy sectional, a study table and cable television. The living room opens to the newer wing of the home, which includes the dining room, kitchen and the remaining two bedrooms. The dining area is the pièce de résistance of the home, with quasi-rustic décor including a large metalwork chandelier, marble floors and a semi-open-air ambiance thanks to its open design that flows into a small garden. It features a wall designed entirely of wooden shutters, and then it opens and flows directly onto the corridor that leads to the other two bedrooms in one direction, and to the cottages entrance in the other direction. This corridor's design features a wrought iron gate wall, which leads out into a

small garden with a small, elevated lily pond. The dining room also has a high ceiling with an intricate woodwork design for optimum ventilation.

The kitchen is very modern and spacious, with marble floors, quartz counter tops, an island, two sinks (one double and one single) stainless steel appliances including a dishwasher and espresso machine, tableware and a wall of windows that allow cooling natural breezes. There is also a small laundry room right off the kitchen.

The remaining two bedrooms are identical in their positioning and offering, with walk-in closets, vanity, en-suite bathrooms with single vanities and glass-wall showers, twin beds that may be converted into king beds, and stunning unobstructed views of the Porters estate signature mahogany forest through large double doors.

All guests have use of the estate swimming pool and gym during their stay.

Amenities

- ✓ Three bedrooms
- ✓ Three bathrooms
- ✓ Guest powder room
- ✓ Air conditioning
- ✓ Kitchen
- ✓ Living room
- ✓ TV
- ✓ WiFi
- ✓ Indoor dining
