## Overview

Villa Shantika is a lovely property tucked away in the popular resort area of Seminyak, known for its fantastic array of restaurants, bars, shopping and beaches. The property is a three-bedroom tropical paradise which invites guests to enjoy a serene and peaceful holiday with loved ones, but steps away from resort amenities. The villa is close to Double Six beach, however, once behind the doors you have all the privacy in the world and a calm ambiance that guarantees a relaxing time.

Villa Shantika has lovely gardens and an abundant foliage and once you find your way towards the villa, you will first see the sparkling, blue waters of the 15-metre swimming pool. Enjoy a dip in the refreshing pool and later relax on the rattan daybeds placed on the timber pool deck.

The property has an open-plan living area with the poolside separated through nothing but bamboo blinds that can be rolled up or drawn as per your preference. Furnished with all kinds of furniture including a collection of sofas, chairs and ottomans, the living room makes for a comfortable space to lounge in. The mezzanine floor offers a media lounge to guests with a flat-screen TV, bookshelves, and comfortable, plush sofas. Housed in a traditional, *alang-alang* pavilion the living room exudes a charming, rustic vibe.

The dining area shares space with the living area and features an eight-seater dining table right in the middle of the room for family dinners or a feast with friends. Traditionally decorated, you will find plenty of antique furniture, cabinets, and other artefacts here in the room. The kitchen is equally beautiful with old-world décor however, you will find that it has been fitted with modern amenities to make it easier for guests.

With three bedrooms, Villa Shantika offers a cosy space for small groups, even if you're travelling with children. The master bedroom is adjoined directly to the swimming pool and deck for ease of access and the other two rooms open out to the garden. Each bedroom features a traditional ceiling and is furnished with a king-sized bed. With air-conditioning, the rooms are kept cool during the hotter hours of the day.

There are en-suite bathrooms with each bedroom designed in a partial, open-air concept. While you bathe or shower alongside tropical flora. There are bathtubs and showers in each bathroom.
