

Villa Stella

Villa Stella is a beautiful five bedroom waterfront villa. Upon arrival, you will be mesmerised by the majestic entrance and the breathtaking view of the Atlantic Ocean, Fort Jeudy Peninsula and the interior bay of Westerhall.

Overview

Villa Stella is a beautiful five bedroom waterfront villa. Upon arrival, you will be mesmerised by the majestic entrance and the breathtaking view of the Atlantic Ocean, Fort Jeudy Peninsula and the interior bay of Westerhall.

The interior furnishings of Villa Stella successfully blend antiques with modern furniture. The vaulted ceilings add to the spaciousness of the rooms, and natural light fills the house through the large glass doors, windows and the glass block sections on the exterior wall, while the ceramic tiled floors keep your feet cool and comfortable.

Villa Stella features five bedrooms, each with en-suite bathrooms. Three bedrooms are located on the upper level and two are located on the lower level, which is self contained with its own separate living room and kitchen.

Along with the three bedrooms on the upper level is an expansive living and dining area, kitchen and guest powder room. An arched ocean side entry leads out to a patio with comfortable seating and an additional dining

area.

The lowest level features the pool area where there are lounge chairs and pool side dining. This pool deck was recently renovated and the pool extended and a Jacuzzi added. Also newly added is an outdoor entertainment area, located poolside, features a bar counter and seating area with integrated BBQ, electric cooler dining & drink ware for poolside dining.

Villa Stella is a magnificent villa and in a great location - With two beaches within walking distance and snorkelling right off the Villa, you may be exploring or simply relaxing on one of the many patios, enjoying the cool breeze and recharging your batteries.
