

The Cottage At Meads Bay

Overview

The Cottage at Meads Bay is located on one of Anguilla's most spectacular beaches. The villa is newly built and welcomed its first guests in 2021. If you are looking for a property that is absolute beachfront and an easy five minute stroll to local restaurants, bars and some of the best resorts the island has to offer, then this is the villa for you.

Ideal for families, The Cottage at Meads Bay villa boasts three bedrooms, two with king beds and spectacular sea views, and one twin room with views overlooking the garden. There is a covered outdoor dining and seating area so you can enjoy your meals overlooking the ocean and the sunrise and sunset.

The large kitchen also has floor-to-ceiling bi-fold doors overlooking the beach so you can take in the breathtaking views while you cook! All around the villa you will see that the interiors have been designed with sophistication and an 'ocean front feel' in mind.
