Overview

Smugglers Nest is a magnificent villa with lush tropical gardens and a great intimate home for honeymooners and couples.

The villa is secluded and easily accessible but not visible from the road and is perched on the hillside above Smugglers Cove. The views of the ocean and coastline is visible from all the rooms. Smugglers Cove has a beautiful sandy beach and reefs and a great place for snorkelling. A championship 18 hole golf course is just minutes away by car.

Smugglers Nest combines all the essential elements of a dream home in the Caribbean, from its stunning architecture and finishes to its wonderful location and its beautiful tropical landscaped gardens with a network of footpaths that allow for leisurely strolls.

There are two gazebos in the grounds that look out over the Caribbean Sea and verandas surrounding the villa. A swimming pool is nestled below the house.

The house is open plan and benefits from the tropical breeze. It has been furnished with antique Indonesian furniture and artefacts set against a white background. There are two airy living areas, one for lounging and the other has a TV with cable television. The dining room is located next to the kitchen.

The master bedroom is air-conditioned and features a king-sized bed with unusual bamboo posters draped with a net. The room opens up to a patio with views of the ocean. There is en-suite bathroom with a bathtub and separate shower.

The second bedroom has an interesting gallery with the bedroom on a lower level, opening on to its own large private patio. It has a double bed and a large en-suite shower room and air-conditioning.

A cozy study equipped with desktop computer and a conveniently located bathroom complete this house.

Smugglers Nest accommodates 4 people. Because of the cliffs, children under 12 years of age are not accepted.
