Villa Ela is an eight bedroom luxury villa located directly on the beach at Flamands on the north west coast of St. Barths.

Overview

Villa Ela is an eight bedroom luxury villa located directly on the beach at Flamands on the north west coast of St. Barths.

The main house overlooks the multi-tiered hardwood terrace and swimming pool and comprises a single loft-like space where the kitchen and living and dining areas all flow together in a calming atmosphere of white fabrics and dark woods. Open on three sides to the ocean breezes, this room invites guests to take a shady break from the sunny beach. It is also the perfect place for entertaining, with comfortable seating, outdoor dining for at least twelve, and a professional BBQ.

On the garden side of the main house there is a private tennis court, bordered by palms and whispering pines.

Villa Ela's cool elegance continues in the decor of the four bedrooms. The bedrooms are located in a separate, two-floor bungalow across the terrace from the main house. The master bedroom has a four-poster, mahogany king-size bed, lacquered-white wood floors, and a luxurious en-suite bathroom complete with a sunken bathtub and rain head shower.

The second bedroom is adjacent to the master, also with a four-poster king bed and en-suite bathroom. On the lower floor, at the pool level, is the third and fourth bedroom, both furnished in the same chic style. One bedroom has a king-size bed and the other with two four-poster twin beds. All four bedrooms enjoy the spectacular ocean views.

Villa Ela also has a newly built guest house with four more bedrooms, living space and kitchen making it the perfect choice for a large family or group of friends. The guest house is located near the entrance of the villa and spans two floors. The guest house does not have ocean views, but it is private and the main house and terraces are only a few steps away.

The pool-level terrace offers additional seating for at least twelve guests on large teak couches, along with a swing seating four and numerous chaises for sun bathing. There are remote-controlled awnings to provide extra shade, an outdoor rain head shower, and a full wet bar as well. From this level, the white sand of Flamands Beach is only steps away, where it's just a short stroll to the renowned restaurants at the Isle de France and Taiwana hotels.
