Overview

Casa Eureka is a newly built property in the very heart of the North-East coast of Corfu. The villa sits above the coastal villages of Kalami and Agni and across the channel to the mountains of Albania. The beach is only a 5 minute drive away and the historic Corfu Town, visible from the terraces, is a 50 minute drive.

The property boasts a serene and secluded location, with open space on both sides. The villa is set on a 4800 square foot plot of land, with around 80 olive trees. Despite its seclusion, the property is conveniently located near the main coastal road, allowing easy access to the popular North East coastal villages.

The villa features four spacious bedrooms, each with its own en-suite bathroom and stunning views, making it an ideal choice for those seeking a luxurious holiday home.

Upon entering from the rear of the property, guests are welcomed into a spacious living room with an open-plan dining area. The high vaulted ceilings and panoramic windows allow for a bright and airy ambiance, while offering spectacular views. The large, handcrafted oak and granite kitchen with a central island is fully equipped with top-quality appliances, making it a delight for professional chefs and home cooks alike.

The ground floor features three double rooms, furnished to a very high standard, each with a private contemporary shower room and veranda access. The master suite occupies the entire first floor, featuring a spacious en-suite bath and shower room with a separate dressing area.

Casa Eureka also boasts a substantial basement that serves as a great entertainment space, complete with a large TV, the latest model of PlayStation with games, and FIFA. The gym, equipped with an additional shower room, is another highlight of this stunning property.

Spend your days relaxing by the infinity style pool which can be heated during the cooler months (additional supplement). Enjoy al-fresco meals cooked on the BBQ and evening drinks looking out over the bay.
