### Overview

Villa LeGa is a contemporary-styled, beachfront Bali rental villa, blessed with magnificent unobstructed views of the Indian Ocean. Accommodation and facilities include an open-plan living and dining area with fully-equipped feature kitchen, and five air-conditioned bedrooms, complete with audio and visual facilities, dressing areas and ensuite bathrooms. This stylish villa in Bali is complemented by a walled garden with a 12-metre swimming pool.

Enjoy the services of a full team of staff including a villa manager, butlers, housekeeping, private chef and 24-hour security.

Villa LeGa is located in the Batubelig region of Greater Seminyak and is luxurious without being pretentious - a beachfront villa is styled to be both comfortable and chic.

Hidden behind a wall that shields villa guests from prying eyes without taking away from the beach views, the double-storey Villa LeGa is built around a central 12-meter swimming pool, complete with outdoors shower and various water features, which takes up most of the garden space. It boasts five ensuite bedrooms each possessing massive beds and flat TV screens; they are furnished in a simple, elegant style with just a dash of glamour added with sparkling accents on cushions and throws.

The touches of glamour can also be found in the white all-weather loungers and daybeds to be found both around the pool and on the upstairs deck overlooking the ocean. Villa Lega presents the type of living space that allows you to put your sandy feet up after a walk on the beach, and feel right at home the moment you step inside, without ever compromising on style and taste.
