

Baan Puri

Set along the pristine shores of Lipa Noi on Koh Samui's west coast, Baan Puri is a peaceful beachfront villa that perfectly captures the essence of island living.

Overview

Set along the pristine shores of Lipa Noi on Koh Samui's west coast, Baan Puri is a peaceful beachfront villa that perfectly captures the essence of island living. With powder-soft sand at your doorstep, panoramic views of the Five Islands, and breathtaking sunsets each evening, this villa offers a front-row seat to the natural beauty of the Gulf of Thailand.

The villa has been designed to combine contemporary comfort with subtle Thai influences. Intricate motifs, tropical wood finishes, and soft natural fabrics create an atmosphere of relaxed luxury throughout. Six spacious ensuite bedrooms open either directly onto the beach or towards the villa's long infinity pool. Each bedroom features a large comfortable bed, seating area, and tranquil ocean or garden views.

Begin your day with a stroll along the shaded beach as the sun rises over the sea, or unwind by the pool while the islands shimmer in the distance. As evening draws in, the sunsets are spectacular and best enjoyed with a drink in hand from the terrace or the sand.

A dedicated villa team, including a professional Thai chef and Villa Manager, ensures every detail is taken care of, from preparing exceptional meals to arranging spa treatments and local excursions. Though the villa's peaceful setting makes it tempting to stay put, the shops, restaurants, and lively attractions of Koh Samui are just a short drive away.
