

Villa Voda

Villa Voda is a Mediterranean villa situated on the peaceful waterfront of the Dalmatian Coast. This impressive six-bedroom mansion offers all the comforts you need for an upscale escape to the unspoilt landscape of Croatia.

Overview

Villa Voda is a Mediterranean villa situated on the peaceful waterfront of the Dalmatian Coast. This impressive six-bedroom mansion offers all the comforts you need for an upscale escape to the unspoilt landscape of Croatia.

The villa is decorated in a stylish, simplistic design, with a light palette complimented by warm wooden tones. The villa's design incorporates three distinct apartments, with separate living spaces and amenities. The ground-level living room is the most impressive communal space, stretching the length of the villa and providing space for lounging, dining and a sleek kitchen.

Outside, the villa overlooks the sea and provides direct access to a waterfront pier and jetty. Enjoy a cooling dip in the modern outdoor pool or take to the water in the two-person kayak included with the villa.

Accommodation

Villa Voda offers six bedrooms in three 'apartment' units on two floors. Each two-bedroom unit has a living area and a shared bathroom. The first unit has two double bedrooms, the second has a double bedroom and a twin bedroom, and the third unit has a double bedroom and a children's bedroom with three small beds.

Villa Voda is in a great location - only 100 metres to the nearest sandy beach and 1km to the centre of Primosten.

Villa Voda is directly in front of its sister property, Villa Andela
