

La Bagatelle

Overview

La Bagatelle is located just off of the Anse Chastanet road in Soufriere on the south west coast and has over 5400 square feet of living space. The villa has 2 floors facing the ocean with beautiful views of the Piton Mountains.

The Master suite has a West Indian King size four-poster bed, antique wood furnishings and a stylish en-suite bathroom with shower. The second bedroom houses two additional four-poster beds: Double and Queen size. The walls and ceilings have been painted a blend of soft greys and whites.

The living room, pool and kitchen are located on the upper level with outdoor terrace furnished with chairs and tables. The swimming pool measures 18x10 feet and has a clay tiled terrace to the side with cushioned pool loungers. There is a four poster day bed, and hammock perfect for relaxing and enjoying the views.

The kitchen is completely equipped and the staff have there own bathroom in the pantry area of the kitchen.

The bedrooms of La Bagatelle are located on the lower level, one with a double bed and the other with a queen-size bed. The adjoining bathroom has a shower and two sinks. Both bedrooms have ceiling fans and the windows and doors have moveable wooden louvers.

If you venture out of the villa, then Anse Chastanet beach is a five minute drive and has superb diving facilities. The snorkelling just off the beach is a protected marine park. The Soufriere area of St. Lucia is the most beautiful part of the island with its Sulphur Springs, Botanical Gardens and Mineral Baths, rain forest and unspoiled coastline. This villa is perfect for people who appreciate natural beauty and lovely surroundings.

Please note: the road to La Bagatelle is fairly rough and we recommend a 4 wheel drive vehicle if hiring a car.
