Villa Horizon is a captivating villa in an impressive location on Antiparos, combining stunning sea and island views with a taste of authentic Greek design.

The villa is set on a tranquil hillside with sweeping views and also includes two separate guesthouse buildings. The main villa combines authentic Greek architecture with modern comforts for an exquisite Greek getaway. The interior is whitewashed and decorated with local curios and artworks, all hand-picked by the designers. The main space in the villa is the living room, which offers an impressive open-plan layout featuring two distinct sitting areas, a bespoke wooden dining table, and an excellent country-style kitchen. The two smaller houses situated on the estate also feature kitchen facilities and living spaces.
