Overview

Emerald Bay is a newly built, spectacular seven bedroom property on the south side of Providenciales. It is the perfect choice for those looking for a private and peaceful retreat.

Made up of a main villa and two guest pavilions, perfect for groups of families or friends, guests will approach Emerald Bay through modern landscaped grounds, where a stone pathway winds its way past palms and cacti. An attractive water feature and bursts of bougainvillea catch the eye, offset by the natural wood and stone of the property's minimalist exterior.

Interior features include a canopy-style indoor/outdoor dining area, and incredibly, Emerald Bay also boasts ocean and water views from every single room and vantage point. Five ensuite bedrooms are located in the main house, four feature King beds and one features a king bed and two twin beds. Two additional bedrooms are located in the guest pavilion. All ensuite bathrooms feature both indoor and outdoor showers.

The contemporary, sleek aesthetics and private location (access via a private road) offer up all the elements for a comfortable, chic and restful island stay.

*Please note that the property is eco-friendly and smoking is not permitted anywhere on the grounds.
