Overview

Surin Seaview Villa is a modern and exclusive hillside property on Phuket's sought-after west coast that is also suitable with those with mobility issues. Surrounded by swaying palms and overlooking the turquoise bays of Surin and Bangtao, this stylish three-bedroom villa offers peace, comfort, and panoramic ocean views from nearly every part of the property. Perfect for couples, families, and multi-generational groups, it accommodates up to six guests.

Spread across three levels (plus a lower level for parking), the villa's sleek design combines modern convenience with thoughtful touches. Warm redwood floors, plush sofas, and tinted sliding glass doors create a sophisticated and inviting atmosphere, while an oversized Smart TV with Netflix, YouTube, and Apple TV transforms the living area into your own private cinema. For added comfort and accessibility, stair lifts connect each floor, and safety glass doors with switch locks and indicator lights ensure peace of mind for all ages.

The master suite is located at the top of the villa on the fourth floor and boasts a king bed, endless sea views and a large ensuite bathroom. The additional two guest rooms are located on the second floor, one has a king bed, the other a queen that converts to a twin. These rooms share a bathroom so are ideal for a family with younger children.

Outdoors, a private pool deck is surrounded by tropical greenery and is perfect for lazy afternoons under the sun. A covered pavilion offers the ideal shady spot for alfresco dining or evening cocktails as the sky turns gold over the Andaman Sea.
