Overview

Casuarina House is a family-friendly accommodation on the west coast of Barbados. With commanding views of the verdant fairway and the Caribbean Sea, this single-level, 5-bedroom property offers tranquilly and cooling breezes. The spacious living and dining areas, along with a family room, provide ample space for gatherings and open onto a covered terrace for outdoor dining and lounging under the stars. A private pool and sun deck overlooking the golf course provide the perfect spot for relaxation.

The large, open living and dining areas and family room provide ample space for gathering. On one side, they open onto the courtyard entrance and on the other, they flow out to the covered terrace. This expansive, covered space is set for 8—perfect for casual dining under the stars and relaxed lounging. Just off this area is a private pool encircled by a sun deck overlooking the golf course. A table on one end of the deck provides al fresco dining for four.

Four en suite bedrooms with air conditioning encircle the courtyard of the main house. The original hardwood

floor beautifully complements the master bedroom, complete with a private patio leading to the pool deck. The cosy, 1-bed cottage, connected to the main house by a brick pathway, affords beautiful views of the manicured grounds and adds the fifth bedroom.

For guests of this restful villa, a spa, clubhouse, golfing, and tennis are benefits of the exclusive Sandy Lane community; this does not include the Sandy Lane hotel, while a pristine beach and many more amenities are a few minutes away by car. Guests staying at Casurina House will have Sandy Lane Beach assessed at Beach Cabana. Whether for a couple or a multi-generational family, Casuarina House offers a wonderful retreat in one of the finest neighbourhoods on the island.
