Overview

Set on a peaceful hillside just minutes from the golden sands of Surin Beach, Baan Surin Sawan is a beautiful three-bedroom villa that is perfect for a family or small group of friends. Sawan means “Heaven” in Thai and that is what you will find in this beautifully designed retreat that combines contemporary Thai design with captivating sunset views over Phuket’s west coast.

The villa’s living spaces are spread across a series of traditional Thai-style pavilions, including three spacious ensuite bedrooms, a comfortable lounge, a stylish dining room, and a fully equipped modern kitchen. A separate entertainment room provides an ideal space for family movie nights or quiet relaxation, while outside, the villa’s 8-metre pool forms the centrepiece of a serene garden terrace designed for easy outdoor living.

Inside, intricate wall hangings, African masks, and hand-picked artefacts from around the world reflect the owner’s passion for travel and art. Natural materials like wood, marble, and stone, blend harmoniously with custom mosaics and detailed craftsmanship to create a warm, distinctive aesthetic throughout.

A dedicated team of staff ensures a worry free stay, including a full-time Thai chef who prepares daily meals, attentive housekeepers, and a villa manager on hand to assist with every request, from island excursions to in-villa dining experiences.
