Overview

Villa Bogor is an elegant six bedroom villa just minutes from the trendy Canggu beach. Some of the best restaurants in the area surround the villa and surfers will love the waves at the local beach. Lush landscapes and a huge private pool make this the perfect spot for your next Bali getaway. For those travelling in a larger group, Villa Bogor can be booked in conjunction with neighbouring Villa Marang, catering for up to 28 guests in 12 bedrooms.

Entering the villa on the ground floor guests will notice the elegant, natural colour scheme and tropical design elements. A large open plan living room provides comfort for the whole group with a large U-shaped sofa and unobstructed views of the garden and pool. Next to the living room is the dining room with its statement dining table made from an ancient fossilised tree which can seat all 14 guests comfortably. Tucked discreetly behind a partitioned wall is the fully equipped kitchen where either yourself or the staff will prepare delicious meals for the group, served by your butlers. For those wanting to keep active there is a small gym and a games room with pool table.

To bedrooms are also located on the ground floor, one with a king bed (that can be made up as twin) and one with a king bed and loft bunk that can sleep an additional two children. Both have ensuite bathrooms.

Heading upstairs to the first floor you will find three additional bedrooms as well as a cinema room with plush red lounge seating which is perfect for movie night. The master suite is framed by glass doors leading out onto the balcony overlooking the pool and balcony. It boasts a king bed, sofa and ensuite bathroom with shower and freestanding bath. Two additional king rooms (that can be converted to twin) are also located on this floor, both with ensuite bathrooms and small balconies.

The final bedroom is located in a standalone pavilion by the pool, offering the most privacy. This room also has a king bed that can be converted to twin as well as an en-suite bathroom with shower and freestanding bath.

Enjoy the peace and tranquility of Villa Bogor's gardens and pool area. The pool itself is 18m long and has a shallow end for younger children. Plenty of sun loungers surround the pool with parasols offering shade from the hot sun. Explore the gardens which include actual rice paddies as well as growing local produce including bananas, avocados, lemons and rambutans.
