

Villa Terra Creta

Overview

Villa Terra Creta is a stunning five bedroom villa with all the amenities of a five star resort. The property overlooks the beautiful harbour below, as well as the Aegean Sea and Cretan White Mountains. Small grocery stores are a 4 minute walk away while you only need to venture slightly further to find sandy beaches and the buzz of Chania Town.

The house has a modern architectural design which blends harmoniously with its mature garden and the surrounding landscape. Indoor and outdoor living are both extremely comfortable, making the villa suitable for all seasons throughout the year.

Spread across three levels, guests will find places to relax and unwind in different areas of the villa, as well as multiple outdoor nooks. Located on the ground floor are two separate living rooms as well as a dining table large enough for 10-12 people and a fully equipped kitchen. A well stocked library can also be found on this level.

A third living room is located on the lower ground floor, along with the spa, featuring a Turkish steam bath, massage area and Scandinavian sauna. A well equipped gym is ideal for those who like to keep active on their holidays. Massage treatments and personal trainers can be booked at an additional cost.

The five bedrooms are spread across the ground and first floors. The master suite is located on the first floor and boasts a king bed, office and living area, private balcony and ensuite bathroom. Also located on this floor is a

twin room with a private terrace and ensuite bathroom.

The ground floor is home to a family suite which has an independent entrance, queen bed, connecting living room with sofa bed, veranda and ensuite bathroom. An additional two double rooms are also located on this floor, each featuring a queen bed, private veranda and ensuite bathroom. An additional 2 person studio is available on request for staff or additional guests.

The outdoor areas of Villa Terra Creta are truly spectacular. Spend your days relaxing by the large infinity salt water pool which features a hydro-massage corner. The sun deck features enough sun loungers for everyone, while an outdoor shower and WC provide the ultimate convenience. A pool bar is ideal for preparing sundowners or cool cocktails throughout the day, and a large outdoor dining area is perfect for enjoying al-fresco meals cooked in the outdoor kitchen. There are several outdoor lounge areas to relax, the most popular being the Concubine's Well, a cool, cushioned seating area inspired by the Ottoman Empire.
