Overview

ReSol (reflection of the sun off of a surface) is a newly built luxurious villa nestled in the mountains of Escaleras. The villa is within easy reach of both beach towns of Uvita and Dominical.

All four bedrooms offer spectacular ocean and jungle views. The master bedroom boasts a stone bathtub which also has beautiful views, the perfect place to unwind after a busy day exploring. All other bedrooms have ensuite shower rooms with several boasting an outdoor shower. The fourth bedroom has three single beds (two next to each other and one up a ladder on a mezzanine) so is perfect for families traveling with children.

All living areas open out onto the pool terrace, the ideal place to enjoy alfresco meals cooked in the fully equipped kitchen or on the bbq. Spend your days at ReSol relaxing by the infinity pool, watching toucans fly past, monkeys play and sloths chilling in the trees surrounding the property.

Please note that a 4x4 vehicle is required to reach the property.
