Overview

One of our favourites! Bonavista Barbados is a beautiful four-bedroom, two-storey villa located on a white sand beach in the heart of the West Coast of Barbados. On arrival you are welcomed at an arched doorway which offers a window to the sea, immediately drawing you into this luxury villa.

As you walk through the hallway of Bonavista, glimpses of a nautical Caribbean lifestyle are revealed. The hallway is decorated with stone turtle footstools and a Roman-style fountain in a small alcove. The drawing room has elegant mahogany furnishings, antique Oriental rugs and polished antique mirrors.

Spacious living areas spill into the outdoors through a large covered terrace with a full dining area, comprising a recessed service counter and a wet bar, easily accessible from the pool and gardens.

An inviting swimming pool and deck complements this villa and offers the perfect spot to enjoy dazzling sea views and feel the tropical trade winds.

The four bedrooms can comfortably accommodate 8 guests. Each have been tastefully and individually

decorated with their own colour scheme and décor. A king-size bedroom and a bedroom with twin beds are located on the ground level. The upper level bedrooms include a king-sized bedroom and a master suite with balcony.

There is also an upstairs family room, equipped with state-of-the-art electronics and a spacious balcony to enjoy striking views of the pool and ocean.
