Overview

Turtle Bay House is a stunning four bedroom villa offering spectacular ocean views from all the rooms. Perched on a lush tropical hillside in Nail Bay, you can enjoy views of Sir Francis Drake Channel and other islands. The property is also a short walk from Mountain Trunk Bay Beach.

A charming stone staircase is located just past the villa entrance and leads down to the living room and gorgeous terrace. There are plenty of places to sit and relax as well as enjoy al fresco dining. An L-shaped pool is the perfect place to cool off from the Caribbean sun. For entertaining evenings, there's satellite TV and Wi-Fi. The villa has air-conditioning and ceiling fans throughout.

The Great Room includes a living room, dining room and kitchen. A whitewashed vaulted, beamed ceiling lends the space tropical charm, while the doors can be folded back to open up the ocean views. The fully equipped kitchen has both a practical breakfast bar and beautiful granite countertops.

The villa is nestled in lush tropical gardens and offers a king suite, queen suite, double suite and a suite with two twin beds. All suites feature en-suite bathrooms. The four bedrooms at Turtle Bay House are located in a private wing off the great room. Crisp white bedding and dark wood furniture give the bedrooms comfortable, traditional Caribbean style.

From the villa, it's a quick 3-minute walk to the beach at Mountain Trunk Bay. By car, it's just under 4 miles to the Virgin Gorda ferry docks, 4 miles to shopping and dining in Spanish Town and 5.5 miles to the beach at Leverick Bay.
