

Monkey Ridge

Monkey Ridge is a stunning new-build villa set in the exclusive Carlton Ridge neighbourhood on Barbados' Platinum West Coast. With four bedrooms, four bathrooms and elegant single-level living, the villa combines clean contemporary architecture with a peaceful island setting and panoramic views of the Caribbean Sea.

Overview

Monkey Ridge is a stunning new-build villa set in the exclusive Carlton Ridge neighbourhood on Barbados' Platinum West Coast. With four bedrooms, four bathrooms and elegant single-level living, the villa combines clean contemporary architecture with a peaceful island setting and panoramic views of the Caribbean Sea.

A serene entrance courtyard leads across a landscaped bridge to the impressive pivot door, where the sea views immediately take centre stage. Inside, the open-plan living and dining area flows seamlessly onto the spacious terrace and pool deck. The fully equipped chef's kitchen features GE Profile appliances, a bean-to-cup coffee machine, Nespresso machine and everything needed for relaxed breakfasts or more elaborate meals.

The four air-conditioned bedrooms are all en suite, offering privacy and comfort for families or groups of friends. Bedroom three has its own private courtyard, while bedroom four features an indoor/outdoor rain shower. The villa's elevated position also benefits from a cooling easterly breeze, complemented by ceiling fans throughout.

Outside, the 18-metre infinity-edge pool is the centrepiece, appearing to merge with the Caribbean Sea beyond.

There is a shallow area for relaxing, a poolside cabana and outdoor shower, while pool heating is available on request. The beautifully landscaped gardens feature palms, tropical planting, banana trees and a Bajan cherry tree, with three separate courtyards providing quiet spaces to sit and enjoy the surroundings. The planting has also been designed to attract butterflies and hummingbirds.

For relaxation and entertainment, Monkey Ridge has a private gym, full-sized snooker table and air-conditioned media room. Starlink Wi-Fi provides fast and reliable connectivity throughout the villa, making it equally suited to switching off or working remotely.

Located just minutes from some of Barbados' finest beaches, golf courses, restaurants and shopping, Monkey Ridge offers a stylish and tranquil base from which to enjoy the island's West Coast.
