

Gioviale

Overview

Perched on the dramatic cliffside of the Amalfi Coast and boasting its very own private deck and sea terrace, this villa is ideal for those wanting a secluded spot moments from the Amalfi Coast's best sights.

On the lower floor, guests can enjoy several spacious, classically-decorated spaces. The traditional rustic kitchen is beautifully-appointed, while the separate dining room continues the Pompeian style décor, providing seating for twelve amid marble and terracotta tones. Access to a shaded terrace makes al fresco dining easy. On this level, guests can also take advantage of the villa's gym corner, and enjoy the comfort of the airy living room, which has a dramatic vaulted ceiling, panoramic views and plenty of comfortable seating. On the top floor, guests will discover a secluded apartment. This cosy unit boasts a living room, fully-equipped eat-in kitchen and a furnished private terrace with mesmerising views.

Outside, the villa is nestled within more than 5,000 square feet of rustic gardens. Close to the villa, a shaded dining terrace provides a relaxing place to dine, while two sun decks offer a chilled ambience, complete with outdoor furniture, a rainfall shower, and minibar with an intercom linked to the kitchen. Perhaps the highlight is the private dock and sea level deck, located below the villa gardens. Perfect for diving or as a boat landing, this excellent feature means guests can travel by stylish water taxi to Positano and beyond.
