### Overview

Set in the prestigious enclave of Westmoreland, Cloudbreak is a recently renovated five-bedroom villa with panoramic views that really do stop you in your tracks. With easy access to both Holetown and Speightstown for dining and shopping, as well as only a few minutes drive to the golden sands of the West Coast, the location is perfect.

The main house offers three beautifully furnished bedrooms, all with air conditioning and ensuite bathrooms. Two rooms feature Queen beds and one features twins that can be converted to a double. The separate guest cottage provides two further bedrooms (one Queen and one Twin - convertible) with its own living area and kitchenette, a setup that is ideal for families or groups who appreciate a little extra space and privacy.

At the heart of the villa sits a stunning private pool, surrounded by a gazebo, sun loungers and a gas BBQ area, providing everything you need for long, lazy days in the Caribbean sun. It's the kind of outdoor space where you arrive for breakfast and somehow find yourself still there at sunset.

Inside, the open-plan living area and kitchen flow naturally from the pool deck, keeping that indoor-outdoor feel going throughout. The kitchen is well equipped and features a breakfast bar and a large dining table, a great spot for relaxed family meals or a more sociable evening in.

Recently renovated to a high standard, Cloudbreak strikes a nice balance between modern comfort and the natural beauty of its Westmoreland surroundings. It's a villa that feels polished without being fussy, making it exactly the kind of place where it's easy to switch off and settle in.
