Overview

Blackstone is an impressive six bedroom villa on a ridge overlooking Britannia Bay and the Caribbean Sea. Balinese inspired, guests will find themselves surrounded with luxurious furnishings and can enjoy the spectacular sunsets.

The kitchen is to the left of the entrance and four ensuite bedrooms are located to the right. The main living and dining area are accessed by a curved bridge and are in a separate pavilion with a master bedroom to the left.

Below this bedroom is a media and games room. There are tables and chairs under the shaded terrace for you to enjoy alfresco dining.

In the back of the villa is a pebble-tiled pool which wraps around large, natural black stone, giving the property its name.

Blackstone is fully staffed with House Manager, two housekeepers, chef and gardener.

For a small island there are plenty of activities on offer from scuba diving and sailing, to tennis club and exploring the island on horseback. You may want to try deep sea diving and fishing, or take a more gentle approach, with a snorkel in the many hidden coves around the island followed by a nurturing spa treatment. Children are indulged with a host of fun activities, with water sports galore, drive in cinemas for golf buggies, tennis, pony camp, beach picnics and treasure hunts, kite flying competitions and children’s menus everywhere.
