

Paraiba

Paraiba Villa Mustique is located at the secluded Southern end of the island and overlooks Lagoon & Gelliceaux beaches. It is a luxury private haven of peace and tranquility.

Overview

Paraiba Villa Mustique is located at the secluded Southern end of the island and overlooks Lagoon & Gelliceaux beaches. It is a luxury private haven of peace and tranquility.

The villa derives its name from the very rare gemstone, the Owner's favourite, and also happens to be the colour of the Caribbean Sea surrounding the island. Paraiba can sleep 14 guests in seven individual suites, spread out among the treetops. Each area provides spectacular 270-degree views and even with a large group, there is ample space for all the family.

The property is brimming with facilities including multiple living rooms, two dining rooms and an entertainment room. Active guests can play a game of tennis on the court, practice yoga and meditation in the yoga pavilion, or work out in the gym. Massages can be organised in the dedicated massage room.
