### Overview

Villa Indyana is a newly built villa overlooking a landscape of green rolling hills, palms, flamboyant trees and blue skies. Featuring two bedrooms, this is a great option for a small family or two couples travelling together.

The interiors have been designed with a palette of cool soothing slate and charcoal grays, white and splashes of colour. The Great Room is the centre point of the villa and the living area merges with an al fresco dining area on one side and an open kitchen on the other. The kitchen is separated from the living room by an island kitchen with a stove on one side and barstools on the other. The kitchen is well-equipped and has a sky light that brings more natural light into the living space.

The two bedrooms are located on opposite sides of the living area and both have king-size beds. Each bedroom has an en-suite bathroom and also has direct access to the terrace through sliding glass doors.

The outdoor dining table can accommodate 8 guests and there is also ample seating space for relaxing and soaking up the surrounding views. Days can be spent relaxing on the sun loungers around the swimming pool. One bedroom also benefits from a separate dressing area.
