Overview

Hemingway House boasts a prime beachfront location and is nestled between the tranquility of Gibbes Beach and the popular Mullins Beach. This villa is a great choice for a group of friends or family as it features four bedrooms, each with en-suite bathrooms.

Hemingway House has two levels and has been finished in cool coral stone on the interior and exterior. Other features include recessed lighting, air-conditioning throughout and ceiling fans.

You can enjoy relaxing in the oceanfront gazebo or even al fresco meals as there is a marble dining set for up to 8 guests. The lagoon-style pools borders the gazebo and is surrounded by lush tropical gardens. The garden's statement piece is a lovely outdoor candelabra that was a gift from the architect and it hangs beautifully from a shady tree completing this tranquil setting.

The ground floor has a beautiful indoor/outdoor living and dining room which open onto the wrap around terrace, from which you can enjoy the ocean views. There is also an al fresco dining area on this terrace.

The home also has a state-of-the-art kitchen with a professional Wolf range and oven, a Miele microwave, a double oven and walk-in pantry. Adjoining the kitchen is a fully equipped bar connected to the living room and features two separate wine coolers that can keep different wines at appropriate temperature. There is a laundry area off the kitchen as well as staff quarters on the outside of the property. The rates include a cook, housekeeper and laundress.

There is a garden room bedroom overlooking the pool with a fully marbled en suite, a powder room and terrace located on the ground floor. The remaining three bedrooms are located on the upper level. The master bedroom suite spreads acre the entire upper sea-facing side of the villa and has an en-suite bathroom, a walk-in dressing area and a separate study. This spacious suite features hard wood floors and opens onto a private wrap-around balcony with views of the ocean and pool. It is a great place to lounge on the comfortable chairs and enjoy the sunset. The study is positioned between the master bedroom and en-suite and both the en-suite and study also offer direct access to the bedroom suite's wrap-around balcony.

The guest bedroom sits beside the master suite but also has a walk-in dressing room and opens to a balcony overlooking the pool and garden. The en-suite bathroom has a shower and bathtub as well as his-and-hers vanity.

The other guest bedroom also has a balcony with views of the garden and pool. The en-suite bathroom has a walk-in shower and his-and-hers vanity. All four bedrooms have king-size beds and TV's.

Hemingway House is ideal for a large family or friends looking for a private beachfront retreat with modern amenities.
