Overview

Cypressa is a recently built and exciting contemporary addition to the island of Corfu, offering a beautiful elevated setting in the charming Greek village of Agios Stefanos and in a natural spot surrounded by olive and Cypress trees.

If you are looking for somewhere that combines the authenticity of natural, local materials combined with modern conveniences and furnishings, Cypressa may be the ideal villa for you. An exclusive six-bed retreat, the design is stylish and understated, with a natural colour scheme with bursts of colour. The bedrooms are warm and spacious, whilst the lounge, kitchen and dining area has a bright and airy open-plan design, allowing you to relax and entertain in sophistication and ease. The exterior fuses traditional stone facades with a modern shaded pergola overlooking the large swimming pool and its loungers, all framed with the beautiful Ionian Sea as a backdrop.

During your stay at Cypressa, you will also have the unique opportunity to enjoy the locally grown organic produce of the owner, whose fertile gardens produce appetising homemade preserves, marmalades and dishes and the villa comes with chef services so you can enjoy this and fully relax on your holiday.

Whilst Cypressa already accommodates up to 12 guests, there is also the option of combining with a neighbouring villa, meaning larger groups of up to 20 guests can stay together in the same picturesque spot in the quaint fishing village of Agios Stefanos, with excellent beach and watersports access at Avlaki, situated just two kilometres from the villa.
