Overview

Villa Cemara is a rare beachfront retreat on Bali's southeastern coast, offering a relaxed, tropical escape. Set on 60 metres of private beachfront in Sanur, the villa provides direct access to golden sands and calm, shallow waters.

The five-bedroom residence consists of one- and two-storey *alang-alang* thatched pavilions arranged around a 10-metre greenstone-tiled pool, inspired by the traditional compound-style of Balinese family homes. Every room offers uninterrupted ocean views across the Lombok Strait to Nusa Penida and Nusa Lembongan.

Designed by acclaimed Balinese architect Popo Danes, Villa Cemara blends traditional craftsmanship with contemporary furnishings and modern amenities. Guests can enjoy meals prepared by the villa's cook, relax on the pool deck, indulge in a beachfront massage, or unwind in the master pavilion's private black terrazzo jacuzzi. The villa's open-sided living areas and air-conditioned bedrooms ensure comfort throughout the day and night, making it ideal for families or groups seeking a luxurious seaside retreat.

Along the eight-kilometre-long promenade beyond your private beachfront gate are kite surfing and sea-sports centres, as well as laid-back beach cafés, while some of Sanur's most notable restaurants, bars, boutiques and galleries are also within easy reach of the villa. But with the villa's dedicated staff on hand to attend to your every whim, you may be tempted just to stay home!
