Overview

Footprints Barbados is an incredible and breath-taking contemporary villa located in a beachfront location on the west coast of Barbados. The Villa has been designed to take advantage of the spectacular ocean views and one of the top [Barbados villas](#).

Footprints Barbados has four levels and boasts five immaculate en-suite bedrooms, several balconies and floor-to-ceiling windows. Guests can enjoy al-fresco dining and watching the sun set over the shimmering ocean, relax at the infinity pool or on the beach or enjoy the views from one of several balconies. The villa even has its own fitness and media rooms, which are air-conditioned.

The interiors are finished in a neutral palette of white and tan, creating a soothing ambience, and adorned with splashes of vibrant greens and blues. In spite of the toned-down colour scheme, Footprints still feels warm and inviting, thanks to natural wood floors, enough classic roll-arm sofas for everyone and organic accents like coral and a leaf-shaped pendant light. The fully equipped, all-white kitchen is both contemporary and charming, with sleek, flat-fronted cabinets and a farmhouse-style table used as a breakfast bar.

Each of the five bedrooms have luxury en-suite bathrooms and many open to balconies or terraces, so guests can fall asleep to the sound of the ocean or feel the breeze first thing in the morning.

Though Footprints Barbados is located on Alleyne's Bay Beach, it's only 1 mile from the beach at Reeds Bay and 2 miles from Sandy Lane Beach. Golfers will want to book a tee time at Royal Westmoreland Golf Course, just over 2 miles away, and the Sandy Lane Country Club course, 3.5 miles away. Take an afternoon or evening to stroll Holetown, 1.5 miles away, Speightstown, 4 miles away or Bridgetown, 10 miles away.

The rates include the services of a chef, butler housekeeper and laundress

Footprints Villa also has two cottages available to rent separately or together to form one large estate [North Cottage](#) (3 beds) and [South Cottage](#) (3 beds)
