Overview

Turtle Nest is a beautiful beachfront villa set on a gentle rise above Baie Longue Beach in Terres Basses, Saint Martin, with uninterrupted views of the Caribbean Sea. Named after the sea turtles that return each year to nest on the beach in front of the property, the villa offers a peaceful setting surrounded by natural beauty.

From its elevated position, you can enjoy panoramic ocean views stretching to the neighbouring islands of Saba, Statia, St. Kitts and Nevis on clear days. Sailboats and yachts drift across the water, while the ever-changing seascape provides a relaxing backdrop throughout your stay.

Designed in a contemporary Caribbean style, the villa blends indoor and outdoor living with large sliding glass doors opening onto covered terraces and an infinity pool overlooking the sea. The pool terrace is furnished with comfortable loungers and daybeds, while a beachfront gazebo with bar seating, a dining area and barbecue is ideal for al fresco meals and sunset drinks.

Inside, the open-plan living spaces combine modern comfort with Caribbean character, featuring vaulted ceilings, handcrafted shutters and a calming neutral colour palette. The fully equipped kitchen, Wi-Fi, flat-screen TV and outdoor sound system ensure everything you need for a comfortable stay.

The villa has four equally sized en-suite bedrooms, all with sea views, and two with private terraces. Spacious bathrooms include walk-in showers, with one also featuring an outdoor garden shower.

Despite its secluded setting, Turtle Nest is just steps from Baie Longue Beach and a short drive from the restaurants of Baie Nettle. Marigot is around 10 minutes away for shopping, dining and local markets, while Grand Case, Philipsburg and Princess Juliana International Airport are all within easy reach.
