

Dimora Ghirlandaio

Dimora Ghirlandaio is a spectacular, Tuscan Estate nestled in the hills close to Florence and rented out exclusively as the whole estate. There are five magnificent buildings dispersed across the historical family estate.

Overview

Dimora Ghirlandaio is a spectacular, Tuscan Estate nestled in the hills close to Florence and rented out exclusively as the whole estate. There are five magnificent buildings dispersed across the historical family estate. Dimora Ghirlandaio estate is made up of the main villa, the farmhouse, the gallery, the olive press and the studio. Each building has been lovingly restored and retains an authentic Florentine charm. The estate is also home to a restaurant where guests can enjoy breakfast, as well as a wellness area that has a small gym, sauna, jacuzzi and treatment room.

THE VILLA

The main building of the Dimora Ghirlandaio - the Villa - is the perfect place to stay for those wanting to experience true Tuscan hospitality in a private and magnificent setting. You will find 6 of the estate's king size rooms here.

Ground Floor

On the ground floor of Villa you will be greeted by a vast hall with a fireplace where you will be able to relax in

the comfort of its soft sofas. The warm hues of the wood floor harmonise with the pastel walls, lit by the natural light from the windows that open onto the outer balcony. Further up, a magnificent coffered ceiling in the style of the period. The hall opens onto a large dining room, a fully-equipped kitchen, a bedroom, and a library/study. The two-coloured kitchen floor alternates Bardiglio and Carrara marble. The walls are decorated with geometrical trompe-l'oeils that endow all the rooms with a timeless grace.

Top Floor

On the top floor you will find three double bedrooms, each with its own private bathroom trimmed in precious marble of different colours. The whitewashed walls make for a bright and warm atmosphere, highlighted by the durmast wood floors. A feature of every room, a magnificent view of the beautiful gardens surrounding the Dimora and the landscape of hills, woods, and silver-hued olive groves.

Dovecote

On Villa's third level, just above the southern pitch of the roof, stands the ancient dovecote, now the villa's most exclusive room. From here you will enjoy an overall view of the surrounding landscape and your gaze will be filled by its magnificent variety. From the gentle hills to the mountaintops that in the winter become clad in snow. But above all, the breathtaking view of the city of Florence, from the Certosa Monastery to the extraordinary Cupola designed by Filippo Brunelleschi for the Santa Maria del Fiore Cathedral.

Lemon House

Set in the Italian-style gardens of the villa, the antique Lemon House has been refurbished to create an annex with an additional double room.

FATTORIA

One of the original buildings of Dimora Ghirlandaio, Fattoria has been lovingly restored and modernised, offering guests elegance and comfort. Within the halls of the building you will find rooms where you can sample local products, most importantly of course being olive oil. The living room boasts a large stone fire place and all rooms have been restored to showcase the original vaulted ceilings with Impruneta terracotta tiles, used in many Florence buildings and made locally.

Bedrooms

Four large and comfortable bedrooms are located in Fattoria, two king size, one queen and one single room. Enjoy stunning views of Florence from rooms with wooden floors and carefully selected furniture, creating an atmosphere of calm and serenity.

Private Chapel

Guests have exclusive access to the Chapel of the Visitation of the Blessed Virgin Mary, or "Cappella Ghirlandaio" as it is known today. Admire the beautiful frescos by Ridolfo Ghirlandaio who built the chapel in the early Sixteenth Century to pay homage to his father and ancestors.

FRANTOIO

Frantoio is a stunning building with the arches of the outer loggia, or corridor, overlooking the fragrant herbal garden. Restoration has been careful to maintain the traditional Tuscan style while giving the building vast halls and elegant bedrooms. Guests are welcomed into the spectacular entrance hall with a floor made from discarded ancient wooden beams, whitewashed walls accented by pietra serena, and a large stone fireplace. A light and airy dining room leads out to the inner courtyard.

Bedrooms

Three bedrooms are located in the main building, two with king beds and one with a single bed. The refined furnishings promote a feeling of harmony and relaxation. An additional king room as well as its study, is

separated from the main building and overlooks the inner courtyard.

BOTTEGA

Located directly in front of Fattoria, this apartment was originally part of the family home and has best preserved the traditional architecture of Tuscan country homes. Magnificent stone arches welcome you and the cozy, wood beamed ceiling of the lounge makes you feel at home. The apartment also contains a dining room and fully equipped kitchen.

Bedrooms

Bottega has two bedrooms, one with a king bed and one with twin beds, making it perfect for a family. Both rooms have walk-in wardrobes and en-suite marble bathrooms as well as stunning views out over the rolling hills surrounding the city of Florence.

STUDIO

Studio is a south-facing three story building with a mezzanine that can be accessed directly from the private garden. On the ground floor guests will find a bright, open plan living and dining area with an ancient stone fireplace as well as a fully equipped kitchen.

Bedrooms

Studio is home to three large double rooms and a smaller single room. On the mezzanine floor you will find the master bedroom which can be accessed by a small staircase on the outside of the building.
