

Anella II - Overview

Anella II is a beautiful and contemporary five bedroom villa set over three levels. Located on a quiet road on the less breeze side of Camps Bay, this holiday home is great for a family or friends Cape Town Holiday.

The entrance level of Anella II features two inter-leading lounges, with designer furnishings, both leading out to an ocean facing outdoor entertainment area, the perfect place to spend fun and quality time with your loved ones. The lovely dining area, with seating for 8 is next to the more formal of the two lounges and the fully-fitted kitchen with separate scullery.

The entertaining area doesn't end with the main level! The lower level of the villa features an entertainment lounge with TV, bar and pool/ping pong table. The room flows out to the large deck private deck and swimming pool. Enjoy some of your favourite music on the sound system and a drink at the poolside bar area.

The Upper level houses four bedrooms. The master bedroom with its large en-suite bathroom has a large study with fax machine/ printer. This ocean facing suite opens up onto a large sun deck, which it shares with bedrooms 2 & 3. From the upstairs bedrooms guests can absorb mountain and sea views and relax on their private patio. The fourth bedroom is also on this level and faces the mountains. The large fifth bedroom is located on the lower level opening up onto the sunny pool deck.
