

## Crows Nest at Peter Island - Overview

**Please note:** Peter Island is currently closed and will reopen once refurbishments are complete

Crows Nest at Peter Island is a private gated spacious villa (6500 sq. ft.) and sits majestically on its own mountain high above the resort, offering stunning panoramic views of the Sir Francis Drake Channel and the Virgins Islands in all directions. The open-plan design ensures the spectacular views from the villa are uninterrupted. The wrap around deck is the perfect place to take in the scenery and watch the many yachts and sail boats that pass by.

The master bedroom is in the main house, and there are 3 additional bedrooms located down a winding path that leads to the infinity-edge pool to the rear of the villa. Each bedroom has en-suite facilities and all have deep two-person Jacuzzi soaking tubs and showers. The bedrooms have secluded verandas and separate entrances.

Other amenities include a fully equipped kitchen, a 52-inch TV in the living room with entertainment centre and a wet bar.

Outside is an infinity pool on the main deck area, with dipping pools on both the north and south exposures.

Guests at the villa can enjoy the range of facilities on offer at Peter Island Resort & Spa including tennis courts, beach volleyball, hiking, Hobie cat sailboats/sunfish sailboats, paddle boards, sea kayaks, mountain biking, snorkelling equipment, swimming pool and fitness centre. There is a luxury spa situated within the resort.

There are over 30 dive sites within a 20-minute boat ride, sailing charters, 20 secluded coves, 5 private white sandy beaches, complimentary manager's reception, deep sea fishing, helicopter island tours and BVI Island tours.

**Please note:** An island buyout or villa buyouts are available on request to ensure complete privacy. The villa is available on an Estate only basis or inclusive of meals.
