

## Hôtel Le Toiny - Overview

Hôtel Le Toiny is a romantic and secluded beachfront retreat offering 22 luxury Villa Suites on 42 acres at Anse de Toiny. The property was taken over in 2015 and a complete renovation was carried out to transform it into the chic and luxurious boutique resort it is today.

Hotel Le Toiny's 22 Villa Suites are comprised of 1 Junior Suite, 13 Signature Suites, 7 Spirit Suites (including 3 Duplex) and 1 two-bedroom Villa Suite, and each suite boasts breathtaking panoramic ocean views and a heated pool.

All the villas have been updated to a chic colour palette of sandy beige, bright white, warm brown and driftwood gray, reminiscent of St Barths' iconic beaches. Inside are bleached wood-inspired floors, fine Belgian linens, textured accessories and handmade furnishings.

Each of the twenty two one and two bedroom Villa Suites offer 110 square meters of living space. The suites are completely secluded, offering an ideal balance of privacy and luxury. Living and bedroom areas are separated by sliding partitions (with the exception of the Junior Suite, which is one large room) with large bay windows throughout the villas offering Caribbean views. Each Villa's interior features a desk, kitchenette and a full-size sofa, bespoke stools and armchair. Adjoining bathrooms are spacious, with a bath, open shower, and dual basins. Each Villa includes an expansive terrace with a private pool. The suites also have WiFi, 40-inch satellite Tv's, and a Nespresso™ machine.

One Villa Suite is handicap-accessible, with widened doors, a lower bed, ramps throughout and easy access to the main house and restaurant.

The public spaces were also renovated including the restaurant and reception area, and a cozy boutique library and oyster shell bar were also added.

Guests of Hôtel Le Toiny also have access to the hotel's Serenity Spa Cottage and fitness centre. The hotel's secluded beach features a coconut grove, tamarind field and pineapple orchard offering a "full beach service" to hotel guests and non-guests alike with a small bar and beach loungers in the shade of the "paillottes". The beach is accessible by hotel shuttle.

The restaurant offers simple yet elegant cuisine and is widely regarded as one of the best dining venues in St. Barths. A open-air oyster shell bar, cozy corners of seating and a champagne sitting area, ideal for pre-dinner aperitifs, give a relaxed and intimate feeling to Le Toiny's restaurant. For a more casual setting and cocktails at any time of the day, the open-air bar, overlooking the pool provides a spacious lounge area with views of the Caribbean Sea.
