

## Jamoon Sandy Lane - Overview

Jamoon Sandy Lane Barbados is a lovely seven bedroom two-story private home set on tropical landscaped gardens in the prestigious Sandy Lane Estate on the West Coast. Located close to shopping, beaches and a wide choice of dining options this holiday villa is also ideal for small to larger groups, as it can be rented from a three to a seven bedroom villa rate.

Guests immediately feel welcome as they enter the cool reception area with a fishtail palm tree as the centerpiece. On the left is a powder room and a pantry complete with wine cooler, mini fridge, storage for snacks and an icemaker.

The main level features an open-plan living room complete with dramatic, high ceilings and a view of the large pool. This space designed with entertaining in mind with plenty of comfortable seating areas, a grand, antique dining table accommodating up to 20 and even a baby grand piano, if you can play a tune!

The home is equipped with a Scandinavian-designed kitchen and a casual outdoor dining set up on a wide, covered terrace, which makes for the perfect spot for a leisurely breakfast or al fresco lunch, prepared just how you want it by the in-house chef.

More comfortable seating and lounge chairs are found on the terrace with tranquil garden views as well as the pool deck.

The bedrooms spread throughout the home on both levels, have ceiling fans and air conditioning. Two master suites, one on each floor, both have en suites, walk-in closets and French doors leading to a private terrace.

The other bedrooms come with dressing rooms and most have French doors opening onto a patio, the garden or pool deck. The guest wing known as 'The Cottage' to the left of the foyer, has its own access to the pool area and to the main gate. The 2 bedrooms here sharing an interconnected bathroom, is just the place for a family with small children.

To the left just off the living room over mini wooden bridges, is an inviting pool with deck and a water volleyball and badminton court (at the deep end) as well as floating loungers. Whimsical tropical paintings of flora and fauna on the exterior walls can be appreciated while drifting on an inflated chair in the pool. A cozy TV room for 8 (cable and DVD), equipped study, 2 iPod docks and wireless internet throughout the house offer options for play and remaining connected.
