

Mullins Mill - Overview

Have you ever slept in a 17th century sugar mill? Mullins Mill is a unique villa constructed around one of Barbados's beautiful sugar plantation mills, making it unique in our villa portfolio. With eight acres of landscaped tropical grounds with sweeping views of the coastline, it's difficult to imagine a more peaceful retreat.

Mullins Mill accommodates up to 16 guests in eight bedrooms. Two bedrooms are located in the main house (one at the top of the mill) and a further two in the adjoining cliff cottage and four more in the guest cottage on the grounds. All bedrooms are beautifully furnished and feature en-suite bathrooms.

Dine alfresco in the cosy gazebo on the cliff side whilst enjoying the sweeping views of the coastline, take a dip in the large ridge side infinity pool, or play a game of tennis on the private courts. There are ample living spaces and a covered veranda with comfy sofas to relax with a novel while soaking in the stunning ocean views.

The on-staff chef prepares delicious cuisine to enjoy with friends around the large circular dining table.

Although not beachfront, you have use of the owner's private beach house right on the famous Gibbs Beach (just a 5 minute drive) therefore combining a peaceful retreat with beach fun.

Mullins Mill is the perfect location for exotic tropical weddings and special occasions. Please note a venue fee will apply. Kindly enquire for more details.
