

Petit St Vincent, The Grenadines - Overview

Petit St Vincent epitomises luxury, privacy and seclusion – a slice of paradise in the Caribbean. The island is located in the southern tip of the Grenadines and offers a selection of accommodations or the island can be exclusively rented for that extra privacy.

Petit St Vincent is 115 acres of lush tropical landscape, surrounded by white sandy beaches and the azure waters of the Caribbean Sea. Offering just 22 spacious one bedroom cottages and two bedroom beach villas, guests can enjoy the privacy whilst taking in the spectacular views.

For guests looking to get away from it all, the accommodations are free from telephones, WiFi and TV's. However, room and concierge service is still offered by a flag system – a yellow flag signals for room service, transportation or a special request. The red flag indicates privacy requested.

One Bedroom Cottages – The resort has sixteen One Bedroom Cottages which are located discreetly in a variety of places on the island – some in the hills of ocean bluffs and some right on the beach. Each cottage has its own particular unique characteristics, whether it's a sunset or beach view, or a panoramic view overlooking the whole island and sea.

Assembled from hand-quarried native bluebitch stone, each cottage is a freestanding structure with vaulted, purpleheart hardwood ceilings and an open-floor plan. Floor-to-ceiling sliding glass doors can be opened to take in the fresh sea breeze, or if preferred, the cottages are air-conditioned.

Designed with utmost comfort in mind, each en-suite cottage features king-size beds, a spacious living room and indoor and outdoor dining areas. Furnishings are modern and contemporary, made from teak, natural materials and fabrics with soft pastel hues. Additional amenities include a Bose iPod docking station, a Nespresso coffee machine, Italian linens, soft Mascioni towels, Bvlgari toiletries and air conditioning.

Two Bedroom Beachfront Villas – These beautiful villas provide over 1,500 square feet of understated luxury – a perfect setting with ample room for enjoying a memorable holiday with loved ones.

The villas have been built from native stone and local purple heart wood. Each bedroom has an en-suite bathroom. The villa's master bedroom is fitted with a king-size bed, and the second bedroom offers two queen-size beds. These accommodations offer the same amenities as the One Bedroom Cottages.

The resort has two restaurants – one hillside and one beachfront, both with spectacular views. The gourmet chefs serve a variety of creative cuisine inspired by locally-caught seafood and organic island-grown fruit and vegetables. Weekly barbecues are also organised so guests can relax and dine whilst enjoying the sunset.

Activities offered include yoga a Balinese-run luxury spa and wellness centre. There is a variety of land and watersports available and boat charters can be organised to the early Tobago Cays marine reserve. The resort has a dive centre with a range of courses available.

Petit St Vincent also has an outdoor calisthenic fitness trail provides guests the opportunity for a thorough workout within a shaded area just off the island's West End. Jogging to each of the stations along the beaches and through the natural woodlands is a great warm up. An on-site fitness guru will be on hand to guide guests through the 20-station circuit.

Getting there – The principle gateway to Petit St Vincent is Grantley Adams International Airport in Barbados. From Barbados, you will fly to nearby Union Island, where a resort representative will be waiting to escort you to the private launch. Then it's just a short 20-minute boat ride to Petit St. Vincent.
