

Picasso - Overview

A stay at Picasso Villa offers panoramic views of Camps Bay and the Atlantic Ocean, where you can appreciate the beauty of Cape Town from the comfort of a sleek and designer 3 level home. On arrival, you will be greeted by a drawbridge entrance that leads from the courtyard over a Koi pond and water feature into the open plan living, dining and kitchen areas located on the middle level of this three level home.

A few steps down to the lower level of Picasso will take you to an entertainment lounge and sliding doors that open on to the very private pool deck with its ocean views and landscaped terraced garden below. It is the perfect spot to enjoy a cooling drink along side the salt water lap pool whilst admiring the views and simply relaxing. Bbq and dine alfresco pool side on the outdoor dining table in evenings if you are not eating at one of the nearby Camps Bay Restaurants.

Picasso Camps Bay has Secure off street parking for 2 cars, if you are planning to hire a car to explore during your holiday.

The home has four bedrooms with the following amenities:
