

Simona - Overview

Villa Simona is a remarkable property, nestled on the slopes of the Amalfi Coast. Set one hundred and fifty steps from the roadside, this immaculate villa is truly nestled against the cliffside, amid secluded gardens offering beautiful seaside views.

The villa has been meticulously designed to ensure every modern amenity and comfort is provided. The modern and stylish interior is decorated in cool white and black shades, with bursts of colour to brighten the tone. On the ground floor, the spacious living room is the central hub, complete with stylish cafe-style individual square tables and chairs and a luxurious sitting area by the large satellite TV. The adjacent fully-equipped bar and industrial kitchen provide excellent amenities including a professional gas stove, juice maker and American and espresso coffee machines.

Outside, the villa is surrounded by remarkable terraced gardens, with different delights on each level. Head further down to discover the shaded loggia, relaxing sauna or the opulent Jacuzzi. Follow the secluded path down some two hundred and fifty steps, past grottoes and terraces, and guests can find the villa's secluded private beach, where barbecues can be enjoyed in complete peace.
