Villa Baglio is comprised 2 separate areas. An incredible conservatory houses the main living area and has floor-to-ceiling windows which gives the sense of being immersed in nature. There's a lovely dining table, comfy sofas with a TV, games consoles and DVD player, carom billiard and poker table and a traditional wood-burning stove, all set in an unforgettable and bright atmosphere. The kitchen is well equipped so you can cook a delicious Sicilian feast. A guest bathroom is also located in this building. From the living area is a spa complete with sauna and Jacuzzi – perfect for utter relaxation.

The three bedrooms – 2 double and 1 twin – are located in a separate building close to the swimming pool. One bedroom has an ensuite and there is a shared bathroom. This building is split into two levels. The first is accessed from the outdoor seating area and contains the master bedroom and ensuite bathroom with freestanding bathtub. A second bedroom (convertible twin) is located down the corridor. The lower level can be reached via a staircase or from the pool area and houses a reading room, a large bathroom and a double bedroom. This bedroom is charming and features characteristic wooden ceilings and open stonework walls. There is also a small kitchen.
