

Villa Blue View - Overview

Villa Blue View is a magnificent 5 bedroom villa perched high on the hills of Koh Samui's north coast.

Boasting five bedrooms, Villa Blue View is a great choice for families or group of friends to relax and take in the panoramic views. Striking, contemporary and sophisticated in design, this beautiful holiday getaway is everything you want and more.

Spiral staircase leads from the open plan living area to the five bedrooms. Each guest room features king size bed with spacious bathrooms. The fifth bedroom can be converted for younger guests, thanks to twin beds and two purpose-built upper bunk beds.

Outside Villa Blue View, the generous infinity-edge private pool literally pours into the soothing ocean vistas and thoughtful inclusions like built-in, cushioned day beds and a state-of-the-art barbecue unit in the poolside sala add to the sense of sophisticated retreat.

Beautifully planted garden areas punctuate the living spaces at all levels, surrounding the villa with tropical greenery, while leading-edge technology compliments the natural ambiance.

Guests at Villa Blue View, either a group of friends or large families with older children, enjoy constant sea breezes and astounding views across the glassy waters of the Thai Gulf to the scenic shores of Phangan Island and west to the impressive limestone islets of the famous Ang Thong Marine Park.
