

## Villa Camilo - Overview

Situated on an impressive four-acre plot, this single-level Villa Camilo combines spectacular sea views with stunning minimalistic architecture. Inside and out, the chic white-washed style creates sophisticated surroundings for your luxury Ibiza getaway.

Inside, Villa Camilo boasts interesting modern artwork and stylish simplistic furnishings that create a sense of space and serenity. The spacious living area is the villa's most impressive room, and offers a bespoke seating area and media facility, as well as providing access outdoors. There is also an inviting dining room and a separate large kitchen space for gastronomic convenience. Additionally, you'll find a fitness facility, complete with an exercise bike and multi-purpose fitness station.

Heading outdoors reveals the villa's very large terrace and far-reach sea views. The 23-metre swimming pool is perfect for an invigorating lap or two, while the shaded cabana with cooling mist spray makes relaxing in style a breeze. When it comes to mealtimes, you can also choose to dine outside thanks to a BBQ and outdoor kitchen, and lavish sixteen-person dining table. Situated amid several acres of grounds, you can relax in comfort knowing you have the added security of an entrance gate with video gatekeeper and entry code access for the main entrance.

### Accommodation

All of Villa Camilo's bedrooms are situated on the same ground-floor level. Two bedrooms are master suites and feature large double beds, flat-screen satellite televisions, and a private en-suite bathroom with double showers.

The other four bedrooms share two private bathroom and toilet facilities, and each feature a double bed.
