

Villa Carla - Overview

Villa Carla is a five bedroom villa situated in a prime location close to Vale do Lobo and the beaches of the stunning Algarve coastline.

The stylish interiors are a result of a recent face lift to the property, making it an ideal luxury villa for families. The villa features a large lounge with contemporary furnishings and all the high tech gizmos of a modern house. The kitchen and lounge both lead out to a large patio area, fully equipped with outside furniture and BBQ, which serves as a perfect spot for warm summer evenings.

On the ground floor of Villa Carla, you will find two double en suite and a large twin bedded room (with the option of the use of a really nice trundle bed which can accommodate two more persons).

On the first floor there is a master bedroom, beautifully appointed with en suite Jacuzzi bath and a twin bedroom en suite – ideal for little ones as is designed for the owner's delightful daughters.

For a spot of recreation there is a swimming pool and kid's pool as well as a basement zone with a large garage and games facility.
